Pre-assembled straight pipe in braided polyurethane

Pre-assembled straight braided pipe with fittings cod. R80220 and R80170, in ester-based polyurethane, reinforced with polyester fiber. Light and flexible, with excellent resistance to oils, solvents and non-aqueous solutions. Great resistance to abrasion.

Code	€	Pipe ø (mm)	Max operating pressure (bar)	Overall length (m)
R810070010	---	◆ 8x12	16	10

Pre-assembled straight pipe in braided polyurethane

Pre-assembled braided spiral pipe in ester-based polyurethane reinforced with polyester fiber. Light and flexible, with excellent resistance to oils, solvents and non-aqueous solutions.
