

## Screw supports with aluminium base

Screw supports with "ERGAL" aluminium alloy base, adjustable with the option to position and register both vertically and horizontally, Nr. 6401.

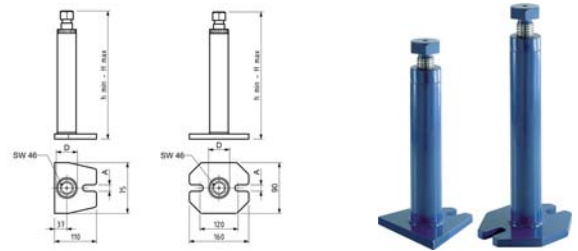

Code	€	H min (mm)	H max (mm)	d (mm)	D (mm)	Max force (kN)
C600180042	---	45	55	50	50	30
C600180060	---	55	70	50	50	30

Code	€	H min (mm)	H max (mm)	d (mm)	D (mm)	Max force (kN)
C600180070	---	73	103	50	50	30

## Screw supports Atlas type

Screw supports Atlas type, trapezoidal thread 30x6, in hardened varnished steel, with set screw, No. 6430.

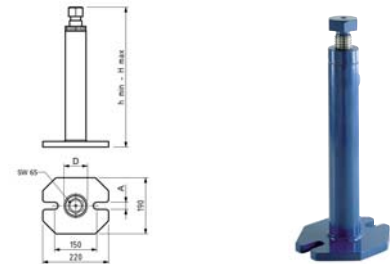

Code	€	H min (mm)	A (mm)	H max (mm)	D (mm)	Max force (kN)
C600300100	---	100	18	140	50	60
C600300140	---	140	18	200	50	60

Code	€	H min (mm)	A (mm)	H max (mm)	D (mm)	Max force (kN)
C600300200	---	200	22	320	50	40
C600300320	---	320	22	550	50	25

## Screw supports heavy type

Screw supports heavy type, trapezoidal thread 40x6 mm, in hardened varnished steel, No. 6435.

Code	€	H min (mm)	A (mm)	H max (mm)	D (mm)	Max force (kN)
C600350200	---	200	26	300	70	80
C600350280	---	280	26	460	70	60

Code	€	H min (mm)	A (mm)	H max (mm)	D (mm)	Max force (kN)
C600350430	---	430	26	750	70	50
C600350710	---	710	26	1250	70	45

## Convex support tips

Rounded ferstandards, in hardened burnished steel, which can be used on items C60010, C60018, C60030 and C60035, No. 6440

Code	€	A (mm)	B (mm)	C (mm)	D (mm)	d (mm)
C600200018	---	18	37	8	35	12

## Prismatic support tips

Prismatic tips, in hardened burnished steel, which can be used on items C60010, C60018, C60030 and C60035, No. 6441

Code	€	A (mm)	B (mm)	C (mm)	D (mm)	d (mm)
C600250023	---	23	32	8	45	12
C600250038	---	38	56	8	65	12
