

Digital vernier caliper, protection level IP67

Digital vernier caliper with liquid crystal display, protection IP 67, in tempered stainless steel, rectified measurement surfaces, measuring tips with pointy internal contact pins, top locking screw, precision according to internal standard. Supplied with certificate of calibration.

Norma interna	INOX	IP 67
RS232	Digimatic	USB
Conversione mm/"		

Electronic functions:

- ON/OFF switch
- QuickStart electronic
- QuickLock function
- reset in any position
- +/- Preset function
- switching between mm/inches.

Data output can be interfaced with the following systems:

- RS 232 cable code F038430005
- Digimatic cable code F038430010
- USB cable code F038430015

Battery code F030272032.

Final Code	F05275	F05280	Measurement field (mm)	Figures height (mm)	Noses length (mm)	Resolution (mm)	Data exit
0005	€	€	0±150	7,5	40	0,01	yes

Digital vernier caliper for internal grooves

Digital vernier caliper for measuring internal grooves, with liquid crystal display, stainless steel structure, upper locking screw, precision according to internal standard.

Electronic functions:

- on / off switch
- reset in any position
- switching mm / inches

Battery cod. F030272032
